The Gemprint Registry

Gemprint Registration is one of the smartest safeguards that you can obtain for your diamond. Gemprint is the world's only noninvasive diamond identification and registration system. Every diamond has its own unique optical signature. Just like a human fingerprint, every diamond has a unique Gemprint.

Conditions of Registration

The owner agrees that, in the event of loss, theft or allegation of fraud in respect to the registered property, Gem Certification & Assurance Lab, Inc. may disclose information on this certificate to third parties such as law enforcement and insurance agencies for the purpose of assisting in the recovery of the owner's registered property.

The owner represents that the information supplied regarding ownership as contained in this certificate is true and accurate. Gemprint Corp. warrants that only the information provided by the issuer has been registered in the Gemprint[®] database.

Thank you for registering your diamond in the Gemprint Registry. Please keep your Gemprint Registration current so that we may contact you in the event your diamond is lost and recovered. Log-on to Gemprint.com to keep your personal information up to date.

The following contact information is currently on file:

Name
Address
City/State/Zip
Country
Phone
E-mail
Store where purchased
Insurance value / Purchase price
Insurance company

If your diamond is ever lost or stolen, please notify Gemprint by logging on to Gemprint.com and clicking on "Report a Lost or Stolen Diamond". Gemprint will notify the proper jewelry industry organizations of your loss. If your diamond is recovered you will be contacted and asked to provide proof of ownership before being reunited with your diamond.
