Unless otherwise stated, all gemstones have been evaluated in their mountings and only to the extent that the mounting permits the examination. Keen determination of carat weight, color, clarity, and overall cutting quality may be obscured by mountings. The information contained in this report represents the opinion of Gem Certification and Assurance Lab (GCAL) regarding the analysis, description and conclusions expressed. These expressions are not warranties or guarantees, and may vary, within reasonable tolerances, due to the subjective nature of mounted gemstone analysis.
